DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-7, drawn to a method for producing a catalyst for removing nitrogen oxides.

Group II, claim(s) 8 and 12-15, drawn to a catalyst for removing nitrogen oxides.

Group III, claim(s) 9-11, drawn to a method of removing nitrogen oxides from an exhaust gas containing nitrogen oxides.

The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the common technical feature in the groups is a catalyst for removing nitrogen oxides. This element cannot be a special technical feature under PCT Rule 13.2 because the element is shown in the prior art. Laid-open Japanese Patent Publication No. Hei 08-257402 teaches a catalyst for removing nitrogen oxides prepared by co-precipitating a soluble titanium compound, a tungsten compound, and a cerium compound so that the particles of the cerium compound are dispersed in the titanium compound substantially as in Claims 1-15 of the instant application.

Art Unit: 1709

Applicant is advised that in order for the reply to this requirement to be complete, an election of the invention to be examined must be included even though the requirement may be traversed (37 CFR 1.143).

2. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Conclusion

1. No claim is allowed.
2. All pending claims are subject to restriction requirement.
